

CGI 2017

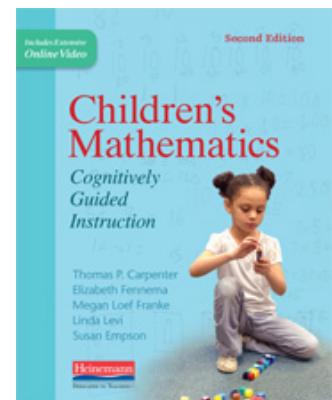

"Making Connections" Seattle June 26-28

Conference Pre-Session

CGI 101: Introduction to Cognitively Guided Instruction

This session provides an overview of CGI math instruction and an overview of what happens in CGI teacher professional development. If you are attending the CGI conference and are new to CGI, we highly recommend that you participate in this session. CGI 101 will also be useful for teachers or administrators who aren't able to attend the full conference but are interested in learning about CGI.

Facilitated by Joan Case and Linda Levi

CGI 101 Pre-Session Details

Time: Monday, June 26th, 11am-1pm

Location: UW Husky Union Building, room 145
4001 E Stevens Way NE Seattle, WA 98195

Fee: \$15

Lunch will be provided with some gluten-free and vegetarian options available. Please contact CGI2017@uw.edu if you have other dietary requests.

Participants will have time to pick up their registration materials after the pre-session. Regular conference proceedings begin at 2pm.
